

STATEMENT OF PURPOSE

RS20854

Section 33-4104, Idaho code is the Interstate Compact on qualification of educational personnel and addresses the agreement to recognize the professional preparation and experience of educational personnel among the participating states. A review of the compact is done every five years. The review was done this past year by representatives from the participating states at a recent meeting of the National Association of State Directors of Teacher Education and Certification (NASDTEC) and new language was developed for the compact. The current statute incorporates that actual language of the compact and is being updated to reflect the changes implemented by NASDTEC.

FISCAL NOTE

There will be no state general fund fiscal impact.
